

What's Going On in Your World

George Strait

What's going on in your world? I hope that you're doing fine.

I just called to say there's not a day that you don't cross my mind.

I just wanted to see if you feel like me - sorry that we said goodbye.

So what's going on in your world? It sure is lonesome in mine.

Just tell me that you're happy and I'll hang up the phone.

Just tell me you don't need me anymore and I'll leave you alone

.

I just wondered if you had somebody new after all of this time.

So what's going on in your world? It sure is lonesome in mine.

Just tell me that you're happy and I'll hang up the phone.

Just tell me you don't need me anymore and I'll leave you alone

.

I just wondered if you had somebody new after all of this time.

So what's going on in your world? It sure is lonesome in mine.

What's going on in your world? It sure is lonesome in mine.
