

# When Love Comes Around Again

George Strait

There's things you don't know 'til you know  
Like when somebody's gone before they go  
When it comes to love, you never really learn  
Just when you think you've got it figured out  
And you think you know what love's all about  
That's just about the time you're gonna get burned  
Oh, you tell yourself you've had enough  
But that'll all change my friend  
When love comes around again

You say, you're swearing' off  
'Cause the only thing that love has ever done for you  
is to make you hurt and cry, feel like you want to die  
Break your heart in two  
But then you'll see a smile  
That'll knock you off your feet and you can't wait to meet  
the girl behind that face  
That's all it's gonna take and you'll fall right back in  
when love comes around again

Life ain't just coincidence  
Things happen for a reason that don't make sense  
Till you look back, it's 20/20 then  
You know I never would have met my girl  
If somebody else hadn't wrecked my world  
And opened that door for her to walk right in  
Oh, I've stood right where you stand  
But that'll all change my friend  
When love comes around again

You say, you're swearing' off  
'Cause the only thing that love has ever done for you  
is to make you hurt and cry, feel like you want to die  
Break your heart in two  
But then you'll see a smile  
That'll knock you off your feet and you can't wait to meet  
the girl behind that face  
That's all it's gonna take and you'll fall right back in  
when love comes around again

Yeah, that's all it's gonna take  
And you'll fall right back in  
When love comes around again
