

# Without You Here

George Strait

Her ship set sail from the docks of Miami  
For a two week Caribbean cruise  
Our first time apart  
In ten years of marriage  
She said I'm already missin' you  
She called me from Nassau  
Ships first port a call  
Said the ocean ain't all that's blue  
The closer I read was right  
This island is paradise  
But not without you

She said without you hear  
There's just no fun  
In the sun would be had  
Without you here  
It's no place to be  
This dream vacation is a bad situation  
I'm in misery  
In a sea of tears  
Without you here

I said darlin' I'm sorry  
I should of gone with you  
Had a feelin' you'd be feelin' this way  
But I'm just as lonely  
Your not the only one  
Wishin' I was there today  
As I hung up the phone  
I pictured her there alone  
Standin' at the dock of the bay  
O' it's more than I can stand  
There's gonna be a change in plans  
Honey I'm on my way

She said without you hear  
There's just no fun  
In the sun would be had  
Without you here  
It's no place to be  
This dream vacation is a bad situation  
I'm in misery  
In a sea of tears  
Without you here

She said without you hear  
There's just no fun  
In the sun would be had  
Without you here  
It's no place to be  
This dream vacation is a bad situation  
I'm in misery  
In a sea of tears  
Without you here
