

Let Me Pass

George Thorogood And The Destroyers

I'm honking my horn would you let me pass
I've gotta hurry up cuz I'm running out of gas
Police told me I gotta slow down
I'm Running too fast thru the heart of town
But my Baby's gone, My Baby's gone
Let me pass I gotta bring her on home

Called the place where she used to hang out
The bartender said she just walked out
So I jumped in my car I stepped on the gas
I'm honking my horn you better let me pass
But my Baby's gone, My Baby's gone
You better let me pass I gotta bring her on home

Called her mama on the telephone
Said "Bo leave my daughter alone"
But her mama didn't quite understand
She's my woman and I'm her man

So I jumped in my car I stepped on the gas
I'm honking my horn you better let me pass
But my Baby's gone, My Baby's gone
Me here I gotta bring her on home

I'm honking my horn would you let me pass
I've gotta hurry up cuz I'm running out of gas
Police told me I gotta slow down
I'm Running too fast thru the heart of town
But my Baby's gone, My Baby's gone
Let me pass I gotta bring her on home

Let me pass I gotta bring her on home
Let me pass
Let me pass
