

# She's Gone

George Thorogood

Look out, Jeff, let's do this!

Well, I know you don't love me  
And I know the reason why  
Well, I know you don't love me  
And I know the reason why  
Be takin' all my money  
And you treat me like a child  
Like a child  
Like a child

Well, the woman I love  
Baby, done been here and gone  
Yeah, the woman I love  
Baby, done been here and gone  
Well, if things don't change  
You know I ain't gonna be here long  
Ain't gonna be here long  
Ain't gonna be here long, boy  
Ain't gonna be here long  
She's gone, she's gone  
She's gone, she's gone

Well, I leavin' my baby  
And I really don't wanna go  
Yes, I leavin' my baby  
And I really don't wanna go  
Well, she got her another man  
And she don't want me no more  
She don't want me no more  
She don't want me no more  
She don't want me no more  
She's gone, she's gone  
She's gone, she's gone

Well, the woman I love  
Baby, done been here and gone  
Yeah, the woman I love  
Baby, done been here and gone  
Well, if things don't change  
You know I ain't gonna be here long  
Ain't gonna be here long  
Ain't gonna be here long, boy  
Ain't gonna be here long  
She's gone, she's gone  
She's gone, she's gone  
She's gone
