

What Do I Do?

Georgia Ku

I can't wear this dress
I wore it that night we met
We talked till the sunrise
And I fell asleep on your chest
I can't stand the beach now
'Cause that's where you said that you loved me back then
Now I hate that I miss you
I hate that I can't forget

I got your cologne still on my clothes like your hands on my body
Every time I check my phone I wish someone would stop me

What do I, what do I do?
When everything reminds me of you
What do I, what do I say?
I might as well just throw these words away
So where's the part where this gets better?
Does it ever?
What do I, what do I-

Do, do, do, do, do, do, do, do

Thanks for the songs
You told me that I should know
I can't sing along now
Now that I've let you go
And thanks for the bullshit
You said that you'd marry me
Met your whole family
Hope it was worth it now that you're on your own

I got your cologne still on my clothes like your hands on my body
Every time I check my phone I wish someone would stop me

What do I, what do I do?
When everything reminds me of you
What do I, what do I say?
I might as well just throw these words away
So where's the part where this gets better?
Does it ever?
What do I, what do I-

Do, do, do, do (Yeah)
Do, do (What I do, what I do, what I do, what I do)
Do, do, do, do (What do I, what do I do?)
Do, do, do, do (What do I, what do I do?)
Do, do

I got your cologne still on my clothes like your hands on my body
Every time I check my phone I wish someone would stop me
Oh-oh

What do I, what do I do?
When everything reminds me of you
What do I, what do I say?
I might as well just throw these words away
So where's the part where this gets better?

Does it ever?

What do I, what do I-

Do, do (Oh-oh)

Do, do (Yeah)

Do, do (What I do, what I do, what I do, what I do)

Do, do, do, do (What do I, what do I do?)

Do, do, do, do (What do I, what do I do?)

Do, do
