

# Attention

Georgia Webster

Bought a "notice me" dress  
It was crazy expensive  
And you didn't even look up  
Kissed your friend in a bar  
Wasn't subtle or dark  
But somehow it wasn't enough

You're not even missing me  
And you're supposed to be  
It's got me thinking crazy things  
I brought it up in therapy  
Very carefully  
Simply hypothetically

If I crashed my car  
If I broke my arm  
Got bit by a shark  
Would you care then?  
Would you care then?  
If my heart gave out  
If my house burned down  
Baby, do I have to fly halfway to Heaven  
Just to get your attention?

I read into the way that you're giving me space  
Am I that easy to let go of?  
Part of me thinks you're strategically cruel  
And part of me thinks you're just dumb

Ooh, I've dyed my hair and dyed it back  
And not a word, what's up with that?  
God, it's like you don't react  
Ooh, yeah, maybe I'm a masochist  
I'm getting close to over it  
That I've been wondering just for kicks

If I crashed my car  
If I broke my arm  
Got bit by a shark  
Would you care then?  
Would you care then?  
If my heart gave out  
If my house burned down  
Baby, do I have to fly halfway to Heaven  
Just to get your attention?

Ooh, yeah, ooh  
Gotta love my life  
No, I don't wanna die  
But if I let go of the wheel  
Would that make you feel?  
Would that make you feel?

If I crashed my car  
If I broke my arm  
Got bit by a shark  
Would you care then?

Would you care then?  
If my heart gave out  
If my house burned down  
Baby, do I have to fly halfway to Heaven?  
Ooh

Why do I have to turn my crazy up to eleven  
Just to get your attention?
