

# First Goodbye

Georgia Webster

I can't stop thinking 'bout the night when  
You tucked me in and I said  
You weren't supposed to be inside  
Then I let you climb  
Right in my bed  
Sixteen  
We had it easier  
Never wanted to leave  
I guess for what it's worth  
But I know that you know we got some growing up to do

But you  
Were my first star gazing in a pickup truck  
Pick me up and stay out way past curfew  
You were my first slow dancin' around the kitchen kissing when your mama was  
n't home  
And I'd do  
Anything to live it again  
But time ain't going back and life's still got it's living to do  
You were my first love and baby tonight  
You'll be my first goodbye  
Bye  
My first goodbye  
Bye

I can't stop going back and forth I  
Keep asking myself  
If freedom and growing is worth being alone but I  
Guess it's too late now

And back then  
We had it easier  
Never wanted to leave  
I say it and it hurts but I  
Know that you know we can't hold on to the past  
Just wish it could last

'Cause you  
Were my first star gazing in a pickup truck  
Pick me up and stay out way past curfew  
You were my first slow dancin' around the kitchen kissing when your mama was  
n't home  
And I'd do  
Anything to live it again  
But time ain't going back and life's still got it's living to do  
You were my first love and baby tonight  
You'll be my first goodbye  
Bye  
My first goodbye

Ooh I don't wanna say goodbye  
Don't wanna leave it all behind  
Ooh I don't wanna say goodbye  
Don't wanna leave  
Leave you behind

'Cause you

Were my first star gazing in a pickup truck  
And you were my first slow dance  
And I'd do  
Anything to live it again  
But time ain't going back and life's still got it's living to do  
You were my first love and baby tonight

Ooh  
You were my first love and baby tonight  
You'll be my first goodbye  
Bye  
My first goodbye  
Bye  
My first goodbye  
Bye  
My first goodbye  
Bye  
My first goodbye  
Bye
