

## Town Talks

Georgia Webster

I could tell 'em 'bout April  
When you said you didn't like labels  
I could spill all your baggage  
Wave all your red flags and  
I've been thinkin' 'bout that letter  
And how it could make you look  
How it'd made me look better  
If I wanted to I could but

I don't gotta talk  
I don't gotta talk  
I don't gotta talk about you  
'Cause you've already lost  
I don't gotta gossip when you leave the room  
Woah Nashville will hurt you more than I will  
You know it's true that  
I don't gotta talk  
I don't gotta talk  
Baby 'cause this town talks so I don't have to

Hearin' he said she said  
But it's nothin' that I said  
So I'll save my breath and time  
Leave it to these county lines 'cause  
People sayin' how you left  
Ain't a rumor that I spread

I don't gotta talk  
I don't gotta talk  
I don't gotta talk about you  
'Cause you've already lost  
I don't gotta gossip when you leave the room  
Woah Nashville will hurt you more than I will  
You know it's true that  
I don't gotta talk  
I don't gotta talk  
Baby 'cause this town talks so I don't have to

This town talks so I don't have to  
Tell 'em how you broke my heart  
Tell 'em I miss every part  
Of all the good and all the bad  
No I don't gotta tell 'em that

We don't gotta talk  
We don't gotta talk  
We don't gotta talk about this  
So let's call it a loss  
We've already lost  
Baby it is what it is  
Woah Nashville will hurt you more than I will  
You know it's true that  
I don't gotta talk  
I don't gotta talk  
Baby 'cause this town talks so I don't have to
