Georgia

Oh only when it drops only it get me high  
Oh only when it drops only it get me high  
Oh only when it drops only it get me high  
Oh only when it drops only it get me high  
Oh only when it drops only it get me high

Far apart far apart on me  
Make believe make believe  
Nothing comes from air just hold hold it  
Nothing comes from air just hold hold it  
Just hold it just hold it just hold it just hold it  
Oh only when it drops does it get me high  
Oh only when it drops does it get me high  
Oh only when it drops does it get me high

Far apart far apart on me  
Walk away shit stains easily  
Nothing comes from air if  
Enough is not enough  
Walk away shit stain easily  
Nothing comes from air just hold it  
When enough is not enough  
Nothing comes from air just hold it  
When enough is not enough

If enough is not enough  
If enough is not enough  
If enough is not enough  
Just hold it just hold it  
It's frozen madness  
It's frozen madness  
It's frozen madness  
It's frozen madness  
It's frozen madness  
It's frozen madness (just hold it just hold it)  
It's frozen madness  
It's frozen madness  
Just hold it just hold it
