

# Mountain Song

Georgia

There's an image of a mountain in your eyes  
Can't deny it's pulling me inside  
If I could paint it from my mind  
I would try to and it would remind you

Tears can fall  
And no worries get me down  
I've got all I need  
'Cause you're right here with me

Then I feel your arms around my body  
And I feel so safe  
Saw us in my dreams together  
Awoke to find you next to me

Put a vision into life from you  
Wanna jump into the ocean with you  
Put a vision into life from you  
And all that you do

We could let the tide bring us into shore  
And just lie down on the warm ground  
This feels like nothing else before  
If I could paint it I wouldn't change it

Then I feel your arms around my body  
And I feel so safe  
Saw us in my dreams together  
Awoke to find you next to me

Put a vision into life from you  
Wanna jump into the ocean with you  
Put a vision into life from you  
And all that you do

A shining light  
On the mountain  
Caught a tide  
It was pulling us both in

Put a vision into life from you  
Wanna jump into the ocean with you  
Put a vision into life from you  
And all that you do

Colour the sky  
High  
Shine on, shine on, shine on  
Colour the sky  
High  
Shine on, shine on, shine on

Colour the sky  
High  
Shine on, shine on, shine on  
Colour the sky  
High

Shine on, shine on, shine on
