

Move Systems

Georgia

Make the bones of my body break
That all or nothing so shake
I want
I am out

Now listen to the real song

I'm looking at my chain, I'm a ranger
We always wanted to be high and courageous
We're all ninjas away with the change
Now there's danger on my page
And they look out for the stranger on the train

Move
The devil's on my mind now
Move
It's all around inside now
Falling down, power, devour the system
Like an anvil of flying, from one place to place

Move
Make the bones of my body break
Move
That all or nothing so shake
Move
You hypnotize the system
Move
And listen to the real song

Systems always lie about who we are
But it won't be long
And so we long

These systems always like about who we are
So we won't be long
It won't be long
It won't be long

I went to meet Sheila
She was a diva
She told me that no sister never did appeal to her

So down the banks of the river
We sit there gasping at the dreams
That we share with the crew
Reminiscing with the view
Like some [?]

We pulled down the system
We laughed at the system
Now no one gonna tell us that we ain't going to move systems
Now no one gonna tell us that we ain't going to

Systems always lie about who we are
But it won't be long
And so we long

These systems always lie about who we are
So we won't be long
It won't be long

Make the bones of my body break
Move
That all or nothing so shake
Move
You hypnotize the system
Move
And listen to the real song

Systems always lie
But it won't be long
And so we long

Systems always lie about who we are
So we won't be long
It won't be long
It won't be long

And listen to the real song
I am out
