

It Won't Hurt To Try It

Georgie Fame

You've
Been hurt
And now
Your afraid
Afraid
To be hurt anymore

Afraid of
What might
Be in store
If you tried love
Again

Well you can stop
Your Cryin'
You know I'm not lyin'
It won't hurt, to try it again
(Oh no)

I
Can tell
That you're
Still afraid
Afraid
To let anything start

Afraid that
You might
Lose your heart
If I kissed you again

Well just forget
Your fear girl
'Cause true love is here girl

And it won't hurt, to try it
It's not gonna hurt anymore
(It won't hurt, to try it)

Just forget your fear girl
'Cause true love is here girl

And it won't hurt, to try it
It's not gonna hurt anymore
(It won't hurt, to try it)
(It won't hurt, to try it)
(It won't hurt, to try it)
(Won't)
