

## Dreaming

Geowulf

If I could let myself dream  
If I could let myself dream  
Would anybody stop me?  
Would anybody stop me?

If I let myself breathe  
If I let myself breathe  
Would anybody save me?  
Would anybody save me?

Too young to wake up  
And say that we tried  
Too far to go on  
The way that we hide

If I let myself dream  
If I let myself dream  
Could anybody see me?  
Could anybody see me?

Could I finally be happy?  
Could we finally be happy?
