

# Nightmare

Geowulf

Give me all your dreams  
I've been holding back on you  
Give me all you need  
I didn't see  
This coming through

Even if we could go back  
Would we go back  
We had doubts I know  
Even if we gave it all  
I'd still come back  
Cause know that

I keep waking up  
I keep waking up and you're gone  
I keep waking up  
I don't know how to sleep alone  
It's a real nightmare  
When I wake up to this  
It's a real nightmare  
When I would rather dream  
Then come back to reality

Take me back to when we thought  
We could have it all  
You were holding me  
You held my dreams  
Like they were your own  
Even if we could go back  
We're all run out  
We're out of touch now  
Even if we gave it all  
I'd still come back

I keep waking up  
I keep waking up and you're gone  
I keep waking up  
I don't know how to sleep alone  
It's a real nightmare  
When I wake up to this  
It's a real nightmare  
When I would rather dream  
Then come back to reality

Give me all your dreams  
I've been holding back on you
