

Knock Knock Knock

Gerald Levert

Y'all should turn this one up
Ok, uh uh uh, ok
Yeah, this one here for the uh
Big beautiful section
You know what I'm talkin' about
Yo, G, where you at?
We make em feel it like, like
(Knock knock knock)
A little something for ya jeeps
Ya'll really know what it is
Jasper, he sang it for 'em
Here we go
I got a full tank of gas up in my car
I'm 85 south, headed where you are
Oh baby please tell me what you're wearin'
Whatever, I know it looks good on you
It's Friday night and I just got paid
I know you're tired cuz you had to work late
But I got a surprise for ya baby
See, what I'm tryna say
Is I'm on my way home
Knock knock knock (Who is it?)
It's me babe
Let me in, I got a whole lotta love to give
Oh, my baby, oh
Knock knock knock (Who is it?)
It's me babe
Let me, I got a whole lotta love to give
Girl is there anything that you need
You got the wine girl and I got the treats
If you'd like to stick with me forever
I can't wait 'till I'm there girl
Just thinking about it
Got me doin' 90 baby
I'm breakin the law to get a lady
Hey, just get the thing ready
What I'm tryna say is I'm on my way
On my way

Say you really love me baby
Say you really love me darlin'
Oh don't you really love me baby
Don't you really love me darlin'
Say you really love me baby
Say you really love me darlin'
Oh don't you really love me baby
Don't you really love me darlin'
I'm on my way babe, on my way

I'm on the freeway
Changing lanes like crazy
To get to you
I'm missing you
I'm coming for you, babe
I'll put it on you, babe
So listen to a knock for you
