

## Action Cat

Gerard Way

We want television bodies that we can't keep  
We have battles in the dark when she falls asleep

We can make it up again  
We can make it up again  
And we don't care we just pretend  
With our faces on the mend  
And don't ask a lot  
And you won't lose a lot  
Don't ask for much

Every accidental damage I wouldn't shake  
And the heart I left behind that you couldn't break

We can make it up again  
We can make it up again  
And we don't care we just pretend  
With our faces on the mend  
And don't ask a lot  
And you won't lose a lot  
Don't ask for much

And I said I miss you  
Say "I miss you too"  
Said I miss you  
Say "I miss you too"  
Say "I miss you too"  
Said I miss you  
Say "I miss you too"

We want action and decision that we can't fake  
We got firecracker wishes that we can make

We can make it up again  
We can make it up again  
And we don't care we just pretend  
With our faces on the mend  
And don't ask a lot  
And you won't lose a lot  
Don't ask for much

Do you miss me?  
'Cause I miss you  
Do you miss me?  
'Cause I miss you  
Do you miss me?  
'Cause I miss you  
Do you miss me?  
'Cause I miss you too
