He's a dead man, let's unearth him  
Brand new two door coupe, he swervin'  
Pop out the bushes, singing sunday service  
Them niggas be scary, they nervous  
Most niggas be bappin', they purpin'  
Bitch I'm the Don Dada, kill shit like the purge bitch

New bitch look just like Madonna, uh  
Keep it sharp, katana, yeah  
I just might die, lie to your honor  
Super shitty, I'm hot like the sauna  
Slid with my partners, pop outta that Benz Truck, fin tucked  
40 below on my wrist, them niggas been hating  
I had to cut the lil bitch off, it's a nip tuck  
Boomin', I had to do it, niggas stupid  
Caught that boy loafin', we turnt to a nuisance  
Off with his head in this bitch like a bruin  
Spielberg my weapon, bitch, let's shoot a movie  
Kicking that shit, I'm outside  
That bitch said I'm Messi, all of my brothers retarded  
Going dumb ed Edd and Eddy  
Hit in his head, that shit look like confetti  
This just a thought, we gon pop out in public  
I just went brainless on the whip, it's nothing  
Look at my neck, that shit right here disgusting, yeah  
I'm in her mouth like a dentist  
Spinning skull all on my pendant  
Niggas be cap, pretending  
Digging ditches, it's filled in a minute

He's a dead man, let's unearth him  
He lurking, they hurting  
Brand new two door coupe, he swervin'  
Them diamonds on me steady twerking  
Pop out the bushes, singing sunday service  
Them niggas be scary, they nervous  
Most niggas be bappin', they purpin'
