

Plead the 5th

Germ

(Play me some of that \$uicide pimpin', man)
Come do some bad shit with me, mhm, mhm, mhm, mhm, mhm
(Red stripe talking ayy, ayy)

Pussy bussing like a pack of Gushers, yessir
Feel like Usher, listen, bitch, this here my confessions
I been with the riding since I looked into them eyes
I'ma plead the fifth if I'm too deep in these here lies
I wish that I could feel you but I'm numb off these lil' blue pills
Balling like Lou Will', ride with that hot steel (Bow, bow)
Still gon' stick around until I'm finished (Huh?)
Is you with it? (Huh?) Plead the fifth

Back-to-back days getting long now, I been on a roll
Couple bitches hitting me, you pull up, you might gun 'em down
Walk in, make no sound, bitch, sneaky lil' slime bitch
Damn, I love that bitch, boy, I'ma trip
Sliding and moving, gunning that Dior bag
Man, that bitch so bad, fresh Windex glass
Wipe her down, bitch
Sliding with the leather guts, she love 'em on her lil' butt (Hah)
Dodge moving like, bitch, get the fuck up out my way
I got pussy to touch, I'm having right of way (Skrtrt, skrtrt)
The fuck out my way (Fuck out my way), I'm swerving lane-to-lane
Smashing to crib, bitch, gimme that brain

Pussy bussing like a pack of Gushers, yessir
Feel like Usher, listen, bitch, this here my confessions
I been with the riding since I looked into them eyes
I'ma plead the fifth if I'm too deep in these here lies
I wish that I could feel you but I'm numb off these lil' blue pills
Balling like Lou Will', ride with that hot steel (Bow, bow)
Still gon' stick around until I'm finished (Huh?)
Is you with it? (Huh?) Plead the fifth (Bitch), ayy

Glock .10 on my waistline, waste who waste my time
Get back, get back, uh, step back, step back, uh (Boom, boom, boom)
Shut the fuck up, put some shots where yo' chest at
Nigga where yo' vest at? (Grra) You talking all that dumb shit
Glock .45, bitch, we dumb lit

Pussy bussing like a pack of Gushers, yessir
Feel like Usher, listen, bitch, this here my confessions
I been with the riding since I looked into them eyes
