

## WET EM UP

Germ

Ayy, ayy

Posted, kicking plenty drip, I need a yacht  
Loaded, kinda tripping, bitch, sit down, stop  
Rolling, she's off the ether, painted like a basey  
Fendi, benji, plenty

Y'all wouldn't understand me, meth came with me at the Grammys  
Neck a bunch of colors like candy insanity  
Back to how I get, I'm with the extras, next up  
Better get your check up cause I'm coming with the get 'em up  
Wet 'em up  
I can't do no letting up, my mama need a Lambo' truck  
Ain't never need no passengers  
I'm another lost cause, dawg  
But I think I'm worth at least a couple trap, good Lord  
Niggas only shoot to score  
Off-White sneaks, oof, bag Off-White  
Please somebody stop me, bitch, I'm off the leash  
I made it overseas but I need a condo over there in Italy  
Fuck with me if it's the money team

Germ, give me the burner, let me murder somebody  
Sick and tired of these bitches throwing dirt on my body  
You want some bread? then get out my bed  
I'll get you what you wanted, I'm balling  
Feeling like Udonis, honestly, I been modest about it  
Shame, they put on my name, but we never change  
I just hopped up out the coupe like Marvin Gaye  
From MIA to LA, stay with a bunch of fucking savages with tatted faces, yeah  
Now we rollin'  
With the yop and dumpin' on my opps  
Now we focused  
On the block, gotta stack it to the top  
'Til I'm rotting in the block, cocaine in my sock  
Germ threw the burner in the river and its fucking rock, yeah
