

It'll Be Me

Gerry and the Pacemakers

Well if you hear somebody knocking on your door
If you see something crawling out across the floor
Baby, it'll be me
And I'll be looking for you

Well if you hear somebody calling out every night
If you see somebody stepping by under those lights
Baby, it'll be me
And I'll be looking for you

Gonna look in the city
Down where the lights are blue
Gonna search on the countryside
And over too

Well if you hear somebody calling out every night
If you see somebody stepping by under those lights
Baby, it'll be me
And I'll be looking for you

Gonna look up every city
Where the lights are blue
Gonna search all the countryside
And over too

Well if you hear somebody knocking every night
If you see somebody stepping by under those lights
Baby, it'll be me
And I'll be looking for you
