

It's All Right

Gerry and the Pacemakers

It's all right when you say that you're my girl
It's all right when you're holdin' my hand
It's all right when you say you love only me
It's all right knowin' you understand

It's all right when you whisper sweet words to me
It's all right when I'm kissin' you
It's all right just to know that you're mine
It's all right to say that I'm in love with you

Little things don't matter anymore
'Cause you know I love you, that's for sure

It's all right just to know that my love is true
It's all right when I'm telling you
It's all right just to feel the way that I do
It's all right to know that it's all right with you
