

## Erratic Cinematic

Gerry Cinnamon

Say hello to my little friend  
The world was yours until the sun fell  
I will get my kicks before I reach the end  
I will take you all to hell

Don't think we're in Kansas anymore  
Still the same old road  
Lions and tigers and bears, oh my  
Just wanna go back home  
There's no place like home

Ohhh home  
Ohhh home  
La la laaa  
La la la-laa la la  
A-di-da-di-daaa  
La laaa  
La la-la la-di-la-la  
La-lili-la-lili-la-lili-la-lili-laaa

This is your life  
And it's ending one moment at a time  
My eyes are open wide  
To the question 'will you live before you die?'

Don't think we're in Kansas anymore  
Still the same old road  
Lions and tigers and bears, oh my  
Just wanna go back home  
There's no place like home

Home, home  
La la laaa  
La la la-laa la la  
A-di-da-di-daaa  
La laaa  
La la-la la-di-la-la  
La-lili-la-lili-la-lili-la-lili-laaa
