

Wave Back Home

Gestört aber Geil

I was walking through the dark, only goin' so far
On a road only meant for you
No more sippin' on the shots, left my troubles at the bar
It's so crazy that I made it through

Now I find my way back home to a place I've never known
Was a thief, I was gone, I was a runaway
Cold hearts playin' cards, but the game is so hard
So attracted by the maze of you

I was falling for your love, I felt it when we touched
We floated on a wave, on wave so rough
We battled through it all, you left my heart and soul
Sinkin' on a wave, on a wave back home
What took ya so long? I felt it when we touched
We floated on a wave, on wave so rough
We battled through it all, you left my heart and soul
Sinkin' on a wave, on a wave back home

Colored roads keep on walkin' through the rise in the mornin'
I can feel rays on my skin
Is this a dream? What a story, I no longer have a worry
I am free, cut the strings—I'm out

Now I find my way back home to a place I've never known
Was a thief, I was gone, I was a runaway
I will preach all I know, gonna sing you 'till I'm old
On my own, but I'm over you

I was falling for your love, I felt it when we touched
We floated on a wave, on wave so rough
We battled through it all, you left my heart and soul
Sinkin' on a wave, on a wave back home
What took ya so long? I felt it when we touched
We floated on a wave, on wave so rough
We battled through it all, you left my heart and soul
Sinkin' on a wave, on a wave back home
