

Deceiver

Get Scared

It's all the same to me, so you can go
'Cause you're on your own
Thought you had me fucking fooled, not even close
Caught off guard like a deer in headlights
Tried to hide the bottle behind your bedside light
There hasn't been a colder night in my entire life
You're hard to avoid and somehow unaware
That I can't stand the sound of your voice or dry the tears of
fifteen years
Took all the abuse, walked away black and blue
And betrayed me in the worst way you knew, so now I'm over you
So now I'm over you
Before our desperate times
When we first laid eyes on fireflies and Indiana nights
I recall the year was '99
(Yeah, get the fuck out of here!)
(You motherfucker!)
(Yeah!)
(You motherfucker!)
(Yeah!)

Caught off guard like a deer in headlights
Tried to hide the bottle behind your bedside light
There hasn't been a colder night in my entire life
You're hard to avoid and somehow unaware
That I can't stand the sound of your voice or dry the tears of
fifteen years
Took all the abuse, walked away black and blue
And betrayed me in the worst way you knew, so now I'm over you
More afraid than ashamed
I can't express enough the lengths I am willing to go
Filled my veins with disdain to save your withered bones
Hope you know, beautiful, I'm better on my own
You're hard to avoid and somehow unaware
That I can't stand the sound of your voice or dry the tears of
fifteen years
Took all the abuse, walked away black and blue
And betrayed me in the worst way you knew, so now I'm over you
Caught off guard like a deer in headlights
Tried to hide the bottle behind your bedside light
There hasn't been a colder night in my entire life
There was not much of you left that I cared to lose
When you betrayed me in the worst way you knew, so now I'm over
you
So now I'm over you
