

Like It Or Not

Get Scared

All my life has been one self-inflicted fucking divide
You had the guts to wake me up, I've had enough
Like a knife, you cut me open just to sever my suffering
Then turned out the lights
Don't be afraid, I'm not going away
No chance I'd ever be the same if I made that mistake
You see the best in me
Darling, you're all that I've got
I'm here to stay whether you like it or not
You're just the best thing, and no love's been lost
I'm here to stay whether you like it, whether you like it or not
t
Maybe I was far too gone for shame
Was choking on my narcissistic ways
You walked into my life, locked eyes, said goodbye
I couldn't rewind or quit you if I tried
You had the guts to wake me up, I've had enough
Don't be afraid, I'm not going away
No chance I'd ever be the same if I made that mistake
You see the best in me
Darling, you're all that I've got
I'm here to stay whether you like it or not
You're just the best thing, and no love's been lost
I'm here to stay whether you like it, whether you like it or not
t
I was in way too deep till you believed in me
Skin and bones with a broken soul
Gave me a change of scene, handed me loyalty
Then saved me from the cold and snapped me out of pacing circles
s
Darling, you're all that I've got
I'm here to stay whether you like it or not
You're just the best thing, and no love's been lost
I'm here to stay whether you like it, whether you like it, whether you like it or not
Never thought that we might get
Torn apart, don't be frightened for us
Never find us divided
All along it was dying for love
Never thought that we might get
Torn apart, don't be frightened for us
Never find us divided
All along it was dying for love
