

Gone again in the undertow
left to live with hate
(We won't let go, let go)
Left again with a taste of it
Still I'll never change
(We won't let go, let go)
Understand I'm loosing faith
Reminding self there are no saints
Comprehend I'm through with running
And I can't stop my long for belief
(On and on and on and on)
It goes
(On and on and on and on)
And now I feel so lost and deceived
(On and on and on and on)
How will we rest in peace?
Fuck the sins were afraid to live
in the end
(We won't ever follow follow)
Stand against
preach the same old shit
Your afraid to live
(We won't ever follow follow)
Understand I bow to nothing
Reminding self of pain and trusting
Comprehend I'm through with running
And I can't stop my long for belief
(On and on and on and on)
It goes
(On and on and on and on)
And now I feel so lost and deceived
(On and on and on and on)
How will we rest in peace?
I can't buy into just a profit dressed like a poet
And if you talk to God I'm sure that he'll tell you he knows
And I can't stop my long for belief
(On and on and on and on)
It goes
(On and on and on and on)
And now I feel so lost and deceived
(On and on and on and on)
How will we rest in peace?
