

Relax, Relapse

Get Scared

I fucking hate this
Like falling backwards in the same shit
And there's no way your gonna change this
Cause panic hangs me from the same tree
Crippling disease
No remorse and no recovery
I'm alive by the skin of my teeth
Another cycle of revery
Paralyzed and I know it's to late
To admit I've fallen
Deep deep deep
I'm falling
Deep deep deep
And I've fallen
Paralyzed and I know it's to late
To admit I've fallen
Deep deep deep
I'm falling
Deep deep deep
And I've fallen
No more tears or apologies
No concern for ones I loved
No collapsing lungs
Diluted tongues
In need of stability
Crippling disease
No remorse and no recovery
I'm alive by the skin of my teeth
Another cycle of revery
Paralyzed and I know it's to late
To admit I've fallen
Deep deep deep
I'm falling
Deep deep deep
And I've fallen
Paralyzed and I know it's to late
To admit I've fallen
Deep deep deep
I'm falling
Deep deep deep
And I've fallen
What's the point anymore
Every time I try I fucking fail
Relapse relax relapse relapse
Relapse relax relapse
fuck!
Paralyzed and I know it's to late to admit I've fallen
Paralyzed and I know it's to late
To admit I've fallen
Deep deep deep
I'm falling
Deep deep deep
And I've fallen
Paralyzed and I know it's to late
To admit I've fallen
Deep deep deep
I'm falling

Deep deep deep
And I've fallen
And I've fallen
