Setting Yourself Up for Sarcasm

Get Scared

You've got me shaking from the way you're talking My heart is breaking but there's no use crying What a cyanide surprise you have left for my eyes If I had common sense I'd cut myself or curl up and die

Sticks and stones could break my bones But anything you say will only fuel my lungs

Don't mind us we're just spilling our guts If this is love I don't wanna be loved You pollute the room with a filthy tongue Watch me choke it down so I can throw it up.

Don't mind us we're just spilling our guts If this is love I don't wanna be hanging by the neck Before an audience of death.

You would be the corpse and I would be the killer I would be the devil and you would be the sinner You would be the drugs and I would be the dealer Everything you say is like music to my ears

You would be the corpse and I would be the killer I would be the devil and you would be the sinner You would be the drugs and I would be the dealer Everything you say is like music to my, music to my ears

Don't mind us we're just spilling our guts If this is love I don't wanna be loved You pollute the room with a filthy tongue Watch me choke it down so I can throw it up.

Don't mind us we're just spilling our guts If this is love I don't wanna be hanging by the neck Before an audience of death (Before an audience of death)

Failure find me
To tie me up now
'Cause I'm as bad, as bad as it gets
Failure find me
To hang me up now
By my neck cause I'm a fate worse than death

What a cyanide surprise you have left for my eyes If I had common sense I'd cut myself or curl up and die

Don't mind us we're just spilling our guts If this is love I don't wanna be loved You pollute the room with a filthy tongue Watch me choke it down so I can throw it up

Don't mind us we're just spilling our guts If this is love I don't wanna be hanging by the neck Before an audience of death.
