

Cannibalism Is the Cure

Get Set Go

We must eat our parents,
It's apparent
They're the pair that need some scarin' (you better not try to eat me)
Eat our teachers, for the screechin', always preachin' never teachin' (eat me eat me)
Eat our leaders, goddamn cheaters (or there will be hell to pay, hell to pay)
We must eat them all, eat them all, eat them all, eat them all, eat them all
Eat them all, eat them all, eat them all, eat them all
We must eat the coppers, chronic shoppers
And the lazy, blank pill poppers (You better not try to eat me)
Eat the old and eat the dying, eat the ones who won't stop crying (eat me, eat me)
Eat our leader, goddamn cheaters (or there will be hell to pay, hell to pay)
We must eat them all, eat them all, eat them all, eat them all, eat them all
Eat them all, eat them all, eat them all, eat them all
Cannibalism is the cure
Cannibalism is the cure
I don't know why
It came down to you and me
To dream up a cure
For what plagues our society
Cannibalism is a cure
We must eat the losers and the users
And the dirty drug abusers (You better not try to eat me)
Eat the winners for their winnin' and the wars that don't stop binnin' (eat me, eat me)
Eat our leader, goddamn cheaters (or there will be hell to pay, hell to pay)
We must eat them all, eat them all, eat them all, eat them all, eat them all
Eat them all, eat them all, eat them all, eat them all (You better not try to eat me, eat me)
Cannibalism is the cure (or there will be hell to pay, hell to pay)
Cannibalism is the cure (or there will be hell to pay, hell to pay)
Cannibalism is the cure (or there will be hell to pay, hell to pay)
Cannibalism is the cure (or there will be hell to pay, hell to pay)
