

## Crime & Heresy

Get Set Go

I wanna get by  
Leading a life of crime.  
I wanna survive  
Leading a life of crime.  
I know I'll do fine  
Living the way criminals do  
I wanna get by  
Leading a life of crime with you.  
I wanna run the lights when they're red  
Steal from the living and give to the dead.  
Murder the pleasantest man  
Set all the cities ablaze once again.  
I wanna get by  
Leading a life of sin.  
The days'll fly by  
Leading a life of sin.  
I'll let it all in,  
Living the way the heretics do  
I wanna get by  
Leading a life of sin with you.  
I'll steal and I'll cheat and I'll screw  
I'll do it all and I'll do it with you.  
Red white and roses for all.  
As we watch it all crumble, tumble, and fall.  
Criminals live like their feet are on fire.  
Criminals live (???)  
Heretics live every day like their last  
'Cause heretics know that their future has past.  
Criminals oughta be captured and shot,  
Heretics oughta be burned on the spot.  
I wanna be one of these.  
Don't you?  
I wanna get by  
Leading a life of crime.  
I wanna survive  
Leading a life of crime.  
I know I'll do fine  
Living the way that criminals do.  
I wanna get by  
Leading a life of crime with you.
