Some stupid chick in the checkout line
Was paying for beer with nickels and dimes
And some old man who clipped coupons
Had argued whenever they wouldn't take one
All I wanted to was buy some cigarettes
But I couldn't take it anymore so I left

I hate everyone (4x)

All the people on the street, I hate you all And the people that I meet, I hate you all And the people that I know, I hate you all And the people that I don't, I hate you all Oh, I hate you all

Some f**king asshole just cut me off
And gave me the finger when I f**king honked
Then he proceeded to put on the brakes
He slammed on the brakes, but I made a mistake
When I climbed out of my van he was waiting
But he was six three and two hundred pounds of Satan

I hate everyone (4x)

All the people on the street, I hate you all And the people that I meet, I hate you all And the people that I know, I hate you all And the people that I don't, I hate you all Oh, I hate you all

I bet you think I'm kidding
But I promise you it's true
I hate most everybody
But most of all I hate
Oh, I hate you

All the people on the street, I hate you all And the people that I meet, I hate you all And the people that I know, I hate you all And the people that I don't, I hate you all And the people in the east, I hate you all And the people I hate least, I hate you all And the people in the west, I hate you all And the people I like best, I hate you all Oh, I hate you all
