

Sweet Little Kisses

Get Set Go

Sweet little kisses for my lovely missus
I'm gonna love her 'cause no other lover loved her right
I'm gonna kiss and caress her, idly possess her
I'm gonna eat her up, gobble up all her fight
I want to get right in you, yes I want to
I wanna kiss you but your kissing is cruel
I wanna suck out your honey and nibble your jewel
I wanna eat from your flower until I am full,
I wanna dive into your swimming pool.

[chorus]

I wanna love you right,
'Cause your loving feels so good
Love you right,
'Cause loving's what a lover should,
Love you right
I can go all night,
Love you right,
Love you like I know I could,
Love you right,
I'm gonna love you all night.

Honey-dripping lady, she's my sexy Sadie
She's a lovely lover like no other lover I have known.
She's so sweet when she's sour, I love her by the hour
The sweetness of her kiss and her lips and the way she
moans.

I want to get right in you, yes I want to
I wanna taste you on the tip of my tongue
I wanna kiss you on the lips and feel that you come,
'Cause my tongue is a serpent and you are the sun
I want to feel you come!

[chorus]

I wanna love you right,
'Cause your loving feels so good
Love you right,
'Cause loving's what a lover should,
Love you right
I can go all night,
Love you right,
Love you like I know I could,
Love you right,
I'm gonna love you all night.

[chorus]

I wanna love you right,
'Cause your loving feels so good
Love you right,
'Cause loving's what a lover should,
Love you right
I can go all night,
Love you right,
Love you like I know I could,
Love you right,
I'm gonna love you all night.
