

Shark Bait

Get The Shot

I read through the game you play
You never fooled me anyway
You don't care, you stare and sit
Bring injustice to the city streets

Helpless we gotta pay
For the power trip you live
I won't cede you anything
Fuck you pigs I don't give a shit

And now you want me to kneel
Before your badge and CONFORM
And now you want me to kneel
Fuck you pigs I don't give a shit

Never live another threat
Peace comes with police deaths
Hatred born from freedom's dying breath

Violence through all the years
No rights they'll disappear
Seek a pathway out of fear
Fuck you pigs I don't give a shit

And now you want me to kneel
Before your badge and CONFORM
And now you want me to kneel
Fuck you pigs I don't give a shit

Repress, abuse, neglect
Who fights against the rule
I live to see you fucking rot with worms

Repress, abuse, neglect
Who fights against the rule
No peace until you fucking rot with the worms

Pigs, someday you'll rot with the worms
Pigs, I'll see you rot with the worms
Pigs, you'll fucking rot with the worms
Pigs, you'll fucking rot with the worms
