Get The Shot

"I am pain  
And I am the devil"

I'm disgusted

Unlock the gates of hell  
I'm done with searching for light in this dark place  
No matter how hard you're fighting pain  
The truth remains the same  
War's eternal  
War's eternal  
War's eternal  
War's eternal  
War's eternal

"Your suffering will be legendary, even in hell"

Warfare  
War is eternal  
War is eternal

War is eternal
