

The margin of  
The sphere of future  
fights back with all  
you have ignored

in golden discontent  
sleepwalk and pretend  
aureate the fear  
because it won't disappear

hear the alarms  
shopgirls sunbath  
between the bombs  
the oven's prewarmed

in golden discontent  
sleepwalk and pretend  
aureate the fear  
because it won't disappear
