

Rebel Rap Family

Geto Boys

As the year 2000 reached into the free world
A band of musical assassins, headquartered out of Houston, Texas
Will soon unleash a wrath upon the ghettos of the world
Underpowered by the 5th Ford Posse
The mastermind of wreckin' shit, Mr. Scarface
A gangster of love, well indeed
Bushwick motherfuckin' Bill
And DJ Ready Red, the musical enforcer
Would form a family known as the Geto Boys
Under this, the code of balls and my word
Would be established in new territories
Rebel rap families could profit by this, or be terminated
