

## 2 High

Getter

Tryna tell me I get too high  
Tryna tell me I get too high  
Tryna tell me I get too high  
That's a lie if so I get too high

But they tryna tell me I get too high  
Tryna, tryna tell me I get too high  
Tryna, tryna tell me I get too high  
That's a lie if so I get too high  
But they tryna tell me I get too high  
Tryna, tryna tell me I get too high  
Tryna, tryna tell me I get too high  
That's a lie if so I get too high

Indica, purple kush  
Seeping out my lungs tonight  
Sirens sound, fuck the 12  
Fuck the feds I merk on sight  
Molly water, Xanax bars  
Welcome to my house of horrors  
Cocaine, nose drain  
Get my dope straight from the border  
Torture, torture, trizzy, trizzy  
Got a six but I'm no Drizzy  
Daughter slaughter, holy water  
Phone at me when if it petty  
Choppa city, 5-1-50  
Cut throat with the infrared  
Sipping screw till I am through  
Think I'm too high, well, bitch, fuck you

But they tryna tell me I get too high  
Tryna, tryna tell me I get too high  
Tryna, tryna tell me I get too high  
That's a lie if so I get too high  
But they tryna tell me I get too high  
Tryna, tryna tell me I get too high  
Tryna, tryna tell me I get too high  
That's a lie if so I get too high

I'm just another parasite of paradise  
I shed the lies we all tell ourselves every night  
I'm nothing special I got my devils locked in a kennel  
Let me settle, I'ma sell 'em and hope they're dead any day  
Ruby got a palm full of pills when I get the scales  
(and hope they're dead any day)  
I make 'em disappear put the pressure on my peers  
Oh my God, I gotta barrel with one thought on my face without a trace  
The whole place kick you in the face all laced  
Well, at least my sneakers on  
Ruby cleaned it unsheath the gauntlet  
I've been living in the RV  
Down at Palm Beach  
Fuck a palm tree  
Cut my wrist 'till my palm bleeds
