

# Numb

Getter

What am I to do?  
I ain't give you just dick I done tried to enlighten you  
I been there  
I been dead

Speed away  
Been down, got addicted and now I wanna leave away  
We both got wicked in wintertime either way  
I been better  
I should let go  
I should let go

Holy ghost  
No curses  
High stakes  
Dedication  
I broke ya  
I bet it hurt ya  
The medication  
Was like murder  
Tried to encourage ya  
Ended up curving ya  
Ended up purging ya  
I saw the worst in ya  
All berken she want the purses  
She want the perks but she do not put the work in

I been out my feelings now, oh oh oh  
I been out my feelings now, oh oh oh
