

Solo

Getter

Hit me up cus' we're going downtown
Back in the bank and we turn up now
Hold my hand cus' we're moving right now
Cool my head and we're leaving now

When you touch my heart
When you smile, my eyes
I will hold if you're feeling so low
I will meet you if you're rolling solo
When you touch my heart
When you smile, my eyes
I will hold if you're feeling so low
I will meet you if you're rolling solo

I will meet you if you're rolling solo
I will meet you if you're rolling solo
I will meet you if you're rolling solo
I will meet you if you're rolling solo
I will meet you if you're rolling solo

Take this way, 'cus we're leaving town
Now speeding it up, pedal down
Sing with me, 'cus we're leaving right now
Givin' it up, givin' it up, now

When you touch my heart
When you smile, my eyes
I will hold if you're feeling so low
I will meet you if you're rolling solo
When you touch my heart
When you smile, my eyes
I will hold if you're feeling so low
I will meet you if you're rolling solo

I will meet you if you're rolling solo
I will meet you if you're rolling solo
I will meet you if you're rolling solo
I will meet you if you're rolling solo
I will meet you if you're rolling solo
