

Some Creature

Getter

Careful, we didn't kill it
And if that thing ever gets back to where it came from
Your ass is doomed, and everybody you love

(It's another one!)

The next morning, I read the stories of the brutal murder of the two police officers
I also read the witness's statement about the bullets having no effect upon the killer

How do you believe a man existed who could not be stopped by a slug from a .45?
