Beautiful days, beautiful nights
Beautiful, beautiful, beautiful tears
If we sing together, everything dance around the flowers
Shananananana shanananananana
Because we are protected by you

Beautiful days beautiful nights
Beautiful, beautiful, beautiful tears
If we laugh together, all this will become our memories
Shananananana shanananananana
A new season begins

Hey you tell me what you want
Is it to keep on walking with us?
Full of mysteries, and it makes me anxious
But you're here

Always and forever
You you
As long as we're together it's alright baby
You you
Laugh it off and live on

A world I can be myself in, a future I can be myself in
Beautiful, beautiful
Beautiful, beautiful, oh oh
Stay joyful at heart, and you'll fear nothing
Beautiful, beautiful
Beautiful, beautiful, oh oh

Like you're at a fashion show, walk with pride
Sing out loud, sing out loud, the energy spreads out
My heart swirling through the seasons

This exciting flow

Always and forever

You you

Smiles are the trigger that lead us to our dreams

You you

Even a seemingly meaningless step is a treasure to us

A world I can be myself in, a future I can be myself in

Beautiful, beautiful

Beautiful, beautiful, oh oh

Stay joyful at heart, and you'll fear nothing

Beautiful, beautiful

Beautiful, beautiful, oh oh

Beautiful days, beautiful nights

Beautiful, beautiful, beautiful tears

If we sing together, everything dance around the flowers

Shananananana shananananana

Because we are protected by you

Beautiful days beautiful nights

Beautiful, beautiful, beautiful tears

If we laugh together, all this will become our memories

Shananananana shananananana

A new season begins

Oh yeah

Just a single word from you shines like the light

Yeah

Laugh it off and live on

A world I can be myself in, a future I can be myself in

Beautiful, beautiful

Beautiful, beautiful, oh oh

Stay joyful at heart, and you'll fear nothing
