Today, I feel special
It's a heart-fluttering beginning
I'm being pulled by a mysterious
Pounding in my heart
My footsteps are light
I feel good today
I like it
I have a good feeling
(What do I do) the moment I let down my guard
This can't be
(Like that) the way you look at me
Is so perfect
The flawless you
The moment I pointed at
You became mine

Bang bang bang fingertip

I will aim for your heart
Bang bang bang fingertip
So your heart can stop
Who cares?
I'm gonna go closer to you
At the tip of my finger, you are there
Finger fingertip
Finger fingertip

I will have your heart right now
Let's start, this is perfect
I'm all ready now

In that short time
You entered my heart
Besides you,
I can't see anything
I'll take a step toward you
The moment I pass by
The feeling is so good
I'm certain, I'll go to you

(123) the more time passes
The more this fantasy opens
(321) in this wide space
You fill it up
The flawless you
The moment I pointed at the flawless you
You became mine

Bang bang bang fingertip
I will aim for your heart
Bang bang bang fingertip
So your heart can stop
Who cares?
I'm gonna go closer to you
At the tip of my finger, you are there
Finger fingertip

Though I waited for
This moment for a long time
I'll be calm so no one will know
So no one will even notice
I'll make one movement with my hands
To control your heart
Time goes tick tock
Before it passes, come to me, 1234

What do I do?
The moment I controlled you
I fell in love

Bang bang bang fingertip
I will aim for your heart
Bang bang bang fingertip
So your heart can stop
Who cares?
I'm gonna go closer to you
At the tip of my finger, you are there
Finger fingertip
Finger fingertip
Yeah, I'll have your heart
This is the time

At the tip of my finger, you are there
