I'm wandering unable to approach you
Although I like you I'm looking elsewhere
The more we try to get close
The more our hearts grow further
We are revolving because we can't meet
We are like parallel lines
No way, we will meet
I will always wait

I wasn't able to tell you but I liked you
Like a dream from the younger days, like a miracle
If I could run through time and become an adult
I will hold your hand in this cruel world

I try to approach you but we keep missing each other
I'm still unable to say that I like you
When I see you hesitate
I guess we are still too young

We aren't closing in, that one tiny bit
We are like parallel lines
Someday I will tell you all the things I didn't say
I will approach you always

I wasn't able to tell you but I liked you
Like a dream from the younger days, like a miracle
If I could run through time and become an adult
I will hold your hand in this cruel world

Even when we're trapped in time and get lost
We will eventually meet
Please know that I am sincere

Only if you hurry

I wasn't able to tell you but I liked you
Like a dream from the younger days, like a miracle
If I could run through time and become an adult
I will hold your hand in this cruel world

Promise me this I hope you don't change
Smile at me then like you do now
If time goes by and I become an adult
Amidst the divergence, I will hold your hand
