

Commit Suicide

GG Allin

If you're listening to this song
And everything is going wrong
Take a chance on the other side
Let's go over the edge

Fuck the pigs, fuck the folks
Death is where it's at
Use a gun, use a knife
Take some pills, take your life

Slit your throat, slit your wrists
Go over the edge

Fuck the pigs, fuck the folks
Death is where it's at
Use a gun, use a knife
Take some pills, take your life

Fuck the pigs, fuck the folks
Death is where it's at
Use a gun, use a knife
Take some pills, take your life
