

Devil's Prayer

GG Allin

Satan rules - take away the souls of the world
Have mercy on us
Satan rules - take away the souls of the world
Have mercy on us

Let us burn

That we as your victims
May enjoy lasting Hell for the body and soul
And by your wickedness
To destroy all the people that hate us
Who are spirits of the flesh
We must not conform our prayers
And praise only you and your followers
And to depart from this world
To [?] fire in Hell
To burn for eternity
With Satan
My Lord
Amen

Satan rules - take away the souls of the world
Have mercy on us
Satan rules - take away the souls of the world
Have mercy on us

Satan rules - take away the souls of the world
Have mercy on us
Satan rules - take away the souls of the world
