

# 10,000 Tears

Ghetts

Let me get my chakras in order  
Please stop planning my slaughter  
I need you back in my corner  
Why you burn that jacket I brought ya?  
Those nights I sat in my Corsa  
I was just tryna pattern my saucer  
Know me from way back then  
You know me from way back when  
Back when I would wish I was taller  
Back when I would wish I was balling  
Oh, I think this is my calling  
But bae ain't saying good morning  
I'm just here tryna fix it  
Got a tool box full with no tools in  
Anything I say gets twisted  
Cool off until the morning

Nights like these I could shed 10,000 tears  
I fight for you and you say I don't care  
Go blind for you and you say I don't see  
Die for you and you'd say I weren't there

(And I don't need to say a word  
Thinking about you all the time  
I never meant to break your heart  
I'm thinking 'bout you all the time)

These are the nights where I sit on my own  
Whiskey glass, ice cube, let me get in my zone  
Like let me get my chakras in order  
Darkness in my spirit and my mind got me feeling alone  
Can you hear me from the outside looking in?  
Can you see the way it was and what it could've been?  
Can you see it in my bloodshot eyes?  
For the last time I'm not that guy  
You've known me since before the hype  
Before the buzz, before the lies, the broken trust  
Way before the business tore us up  
We were just tryna scrape change in the corner shop  
And I was tryna make waves ended up on a mad one  
Rainy grey days, every night was a sad one  
Regret all or nothing 'bout the things that I have done  
Family first, I'm a catholic grandson, but  
Fool me twice and then never again  
We were so tight but the stitching frayed  
I know in dark times we are one and the same  
So you can relate to the struggle and pain

Nights like these I could shed 10,000 tears  
I fight for you and you say I don't care  
Go blind for you and you say I don't see  
I die for you and you'd say I weren't there

(And I don't need to say a word  
Thinking about you all the time  
I never meant to break your heart  
I'm thinking 'bout you all the time)

How could I give reason to leave?  
My baby the reason I breathe  
Oh, I just weep and I weep  
I ain't been able to sleep for a week  
My memories of us are on replay  
I bring that one back like a DJ  
Try win this one back just ain't easy  
Just give me one gal and I'm easy  
Nuff gyal say they wan see me  
She can see me pon the TV  
Nuff gyal say they wan feed me  
She don't wan feed me  
She wan eat me  
Them gyal are mad like really  
Cah my gyal a bad like RiRi  
I don't see them gyal, yeah, I'm Stevie  
Blind, legally

Nights like these I could shed 10,000 tears  
I fight for you and you say I don't care  
Go blind for you and you say I don't see  
Die for you and you'd say I weren't there

(And I don't need to say a word  
Thinking about you all the time  
I never meant to break your heart  
I'm thinking 'bout you all the time)

(And do you think that's okay?  
Do you think it's okay to play with my emotions?  
You know I've got a good heart  
You know I would do anything for you  
And you just, you play on that so much  
And how do you appreciate it?  
Do you think appreciating it is comparing me to Sonya all the time?  
Every time you get a chance to compare me to this great girl that  
A ghost from the past, some girl that you was in love with  
Do you think that's appreciating me?)
