

Blessings

Ghetts

Wake up and pray every day
More blessings incoming
Wake up and pray every day
More blessings incoming, yeah
Wake up and pray every day
More blessings incoming
Wake up and pray every day
Way more blessings incoming

I go down on my knees and I pray
Said a prayer in Jesus name
Only you can relieve this pain
I can't believe this pain
I go down on my knees and I pray
Said a prayer in Jesus name
Oh, I can't believe this pain
Only You can relieve this pain

Why do things have to be this way?
I don't know all the reasons, babe
But I feel like the one who wanna lead astray
Protect me from Evil Eye
I don't know the reasons why
But I don't know lose my faith
My cup runneth over
How you love me? I'm no one
I wish somebody told ya
We all need something to hold on
Why do things have to be this way?
And still, we appreciate
Protect me from Evil Eye
Forgive me, and keep all my secret safe

Wake up and pray every day
More blessings incoming
Wake up and pray every day
More blessings incoming, yeah
Wake up and pray every day
More blessings incoming
Wake up and pray every day
Way more blessings incoming

Shocker
Electric love, no motor
I wanna move things, uyablocka
Something wrong, kuyashoda, oh
Kodwa, oh, kodwa, oh
Blessings comin' post lockdown, oh
And when they're here, it's a shutdown, oh
Paint perfect picture like Makamo
Makamo
Khona
Khona into elokhu ithi zama
Kukhona isibusiso lana

Bengithandaza

Show me good life (Bengithandaza)
Ngilande konke
Can't stop momentum
Keep my window opened up
Let the lights in, it's gorgeous
Looks good on black skin, it's for us
Bless my mother
Bless my daughter
Bless my peace of mind
