

# Closer

Ghetts

Typical team, skipping school  
Breaking every flipping rule, popular  
Wishing I was invisible  
Who are you to ridicule?  
I'm (Closer to my dream)  
And it was hard work, not a miracle  
That got me to a point where  
Everybody wants to be my friend, I got a voice spare  
Police wanna see me re-offend, but I avoid them  
And now I feel like lighting up (I'm getting high)  
I take flight like I fly with doves  
Your time is up  
But I'm (Closer to my dream)  
That's why everybody's mad at me  
Because I be defying the rules of gravity  
(I'm getting hot and hot here) Yes, I am  
(Feel it in my sleeve)  
But this no longer a dream  
I used to listen to them tape packs to follow the scene

(Sometimes it feels like I'll never go past here)  
Never gonna pass here before the past year  
I've seen these other stars where I should be  
(Sometimes, it feels like I'm stuck forever)  
Stuck forever will fuck my head up  
Thinking everybody else is onto something badder

Everybody's asking when I'm gonna have a number one, like  
(Closer to my dream)  
I'm feeling like  
I'm feeling real successful without one right now to tell the truth  
Haha (I'm going higher and higher)  
If you knew the background  
If you knew where I come from  
If you know what a journey it's been  
Haha (Yo)  
Trust me

The Devil's upset  
I ain't sold my soul when I'm doing my ting  
I'll be major success  
Yes, I'm on a quest and I'm (Closer to my dream)  
And I ain't even signed to a label  
Calm before the storm now I'm behind all the rainfall  
Lightning and thunder, while you hide under a table  
At nights when I wonder if I was unavailable  
When someone like him got the call over me  
But I don't feel bitter, I feel bigger  
Because I overcome the bitterness, so, I'm the real winner  
And I'm an ill spitter and I'm (Closer to my dream)  
Indeed I am, yeah (I'm getting higher and higher)  
(Feel it in my sleeve)  
And even when I'm wide awake  
That's how I know that it's real

(Sometimes it feels like I'll never go past here)  
Never gonna pass here before the past year

I've seen these other stars where I should be  
(Sometimes, it feels like I'm stuck forever)  
Stuck forever will fuck my head up  
Thinking everybody else is onto something badder

I'm going high  
Closer to my dream  
I'm getting higher and higher  
I think I'm almost free  
Higher and higher, higher and higher  
Higher  
Sometimes it feel like you're never gonna change  
Never gonna change  
But you never choose to walk away
