

## Getaway

Ghetts

Sometimes I feel like I gotta- Sometimes I feel like I gotta ge  
taway

Yeah, they tell us, "put the guns away"  
Because more time is raining cussy, we ain't seen the sun for d  
ays  
Sometimes I hear my mumzy pray  
For youts that died at gumzy's age  
Warren died because of pride (Getaway)  
So if pride was the cause of death  
Why you died a sort of death that's much more than unfortunate?  
It's the same old song  
But Pavilion's still open, still raves go on (Getaway)  
But how long could you run for?  
Stand your grind  
It's 2-5, from now on, it's a gun war  
But don't take part in it if your heart ain't innit  
Make your mind up if you're unsure if you (Getaway)  
You might live to see another day  
Another day, you'll live to see no brothers slain  
Nobody's singing  
It's a cold world, no bell, oh well  
I always knew I'll go jail (Getaway)  
I did but I still got nicked  
When there's no escape, there's no escape  
I'm will not snitch  
And I remember when I was young  
Itching to go out but I had to clean the kitchen to go out  
And so I (Getaway)  
From home, I weren't the sort to listen  
I was gone for so long, my mum had to report me missing  
But it's a damn shame, I put my mum through that pain  
I swear, that's the last time I'll (Getaway)  
In twenty years, I've seen a lot  
You ain't seen what my eyes seen  
Now, I wish I never even watched  
You know what time it is and you don't even need a watch  
Know your self, pussy, just (Getaway)  
In twenty years, I've done a lot  
You ain't touched what these have touched  
You ain't held a gun and shot  
You know the life I live is mean  
Don't let me see your watch  
Know yourself, pussy, just (Getaway)
